*A scientist who paints, a leader who dances, an  
innovator who dreams*

As a Class 12 science student, my life is a mix of learning, creativity, leadership, and new ideas. My journey began in the science classroom, where equations and experiments ignited my curiosity. Physics, chemistry, mathematics, English offered a lens to understand the world's mechanics, from the dance of subatomic particles to the complexity of ecosystems. Science has taught me method—hypothesize, test, refine. Art has taught me intuition—trust the process, even when it's unclear. Leadership has taught me synthesis—blend perspectives for stronger outcomes. By Class 12, these threads wove into a talent I wield confidently, whether I'm solving a physics problem, curating an exhibit, or pitching clean tech.

A trained Kuchipudi dancer , learning under the world-renowned Guru Raja Radha Reddy, I have performed in numerous prestigious shows including International [Rajgir Mahotsav](#) and the G20 Youth Connect programme ,

I currently lead Sanskriti's Cultural Council as President for the current session. I tackled the challenge of uniting diverse student voices for events like festivals or fusion workshops. How do you honor tradition while appealing to modern tastes? I'd brainstorm with peers, propose science-art hybrids like a choreography rooted in physics and execute them. Over months, I developed a sixth sense for balancing creativity with feasibility, turning abstract ideas into celebrations that resonated. This role reinforced that problem-solving isn't solitary—it's about weaving collective strengths into solutions.

I have founded Nritya Amrit , my initiative to use dance as a healing power for the in-house patients at wards of different hospitals and the underprivileged localities. Nrityaamrit is my initiative to blend the transformative power of classical dance with therapy, creating a unique approach to healing and empowerment. I use grace and rhythm of Kuchipudi to connect with patients, underprivileged communities,

and diverse audiences, offering emotional well-being, cultural enrichment, and physical rejuvenation. My work spans hospitals, old age homes, and community venues. With a commitment to inclusivity, I also teach underprivileged youth, ensuring that the beauty of dance becomes a bridge for opportunity and hope.

As a trained visual artist at the Delhi College of Art, my works have been exhibited at the renowned India Habitat Centre. I also associate with Unruly art, where I work with specially-abled children, who undergo vision correction surgeries ,and organise art exhibitions for them. I also work with the Project Prakash Foundation as a fundraiser to support the surgeries.

I'm pursuing long term Internship at Chakr Innovation, a Tech Start Up , committed to engineer solutions through innovation for a future, defined by sustainability and development. Chakr Innovation is an innovative clean energy tech startup actively pursuing excellence through leverage of knowledge of deep tech.

I lead the school's Table tennis team, also represent my state at the national level.

Leadership amplified further when I became MUN Director General Conference was my proving ground—hundreds of delegates debating global crises like space wars or technological ethics. My challenge was twofold: inspire collaboration and craft solutions under pressure. I'd spend nights researching, blending scientific data (say, carbon emission stats) with diplomatic strategies. During debates, I mediated clashes, synthesized ideas, and steered committees toward resolutions.

Looking ahead, I'm excited for what's next. Class 12 is a crucible—board exams loom, and college applications beckon. Yet, I'm not daunted. Science will remain my anchor, but I'll carry art's affection, leadership's courage, and innovation's promise with me. I dream of studying at a place like where technology and creativity intersect Whatever path I choose, I'll strive to embody the unruly spirit that defines me—breaking moulds, building bridges, and leaving a cleaner, more connected world behind.

## Experience

### 1. President : Cultural Council, The Student Council: 2025-26

*Apr 2025 - Present 4 Weeks*

*Team Leadership · Classical Dance · Publicity · People Management · Public Speaking*

### 2. Cultural Council Member, Student Council 2024-25

*2024 - Present · 68 Weeks*

### 3. Core Team Club Member : Mudraa (Classical Dance), Alpha (Maths), Neutrino (Physics) And Ehsaas (Community Teaching )

*2019 - Present · 312 Weeks*

### 4. Head Girl: Junior School

### 5. Founder Nrityaamrit · Self-Employed

*Human Resources · Team Leadership · Community Outreach · Start-Up Leadership · Volunteering*

### 6. Classical Dance : [Natyatarangini](#)

Trained Kuchipudi ARTIST (Classical Dance Form Of Andhra Pradesh ,India)

*Apr 2015 - Present · 524 Weeks*

I'm Training As A Kuchipudi Artist For The Past 9 Years Under The Legendary [Padmashri Gurus Raja Radha Reddy](#) Performed At The [G20 University Connect Youth Programme \(2023\)](#), [International Rajgir Festival \(2022\)](#), [Parampara Series](#), Ten Annual Shows Held At The Natya Tarangini Manch .

In addition, I am involved with Unruly Art / SOHUM, an organization that works with specially-abled children, training them in various art forms.

*Stage Performance , Classical Dance, Community Outreach*

## 7. Model United Nations

### Director General Of Conference Upper Secretariat

*Dec 2024 - Present · 20 Weeks*

*Skills: Networking · Diplomacy · Cross-Functional Team Leadership · Panel Moderator · Public Speaking*

### Additional Director

Committee: United Nations General Assembly (Disarmament And International Security Committee)

*Apr 2021 - Sep 2024 · 180 Weeks*

*Leadership · Public Speaking International Diplomacy, Leadership, Debate, Networking.*

## **Delegate**

Selected to represent as delegate at Harvard Model United Nations (HMUN) 2024 , Strawberry Fields SMUN 2023

*Honors : Winner Best Position Paper, Honorable Mention*

## **8. Internship**

### Chakr Innovation · Internship

*May 2024 - Present · 52 Weeks*

Pursuing Long term Internship at Chakr Innovation, a Tech Start Up , committed to engineer solutions through innovation for a future, defined by sustainability and development. Chakr Innovation is an innovative clean energy tech startup actively pursuing excellence through leverage of knowledge of deep tech.

As part of the internship, I've applied for a Bio Gas Urea patent, contributed to a research paper

*Honors: Certificate of Merit for exceptional contribution*

## **9. Udanify · Freelance**

*May 2024 - Present · 52 Weeks*

Member UDAANIFY, a girl led initiative for spreading awareness about menstrual hygiene among **under- privileged girls.**

*Community Outreach · Gender Mainstreaming*

## **10. Visual Artist :**

*Trained For 3 Years At Delhi Collage Of Art : 156 Weeks*

Two National Public Exhibitions. Work With Unruly Art, For Visually Impaired Children

## **11. Fundraiser**

[Project Prakash Foundation .](#)

*Apr 2024 - Apr 2025 · 52 Weeks*

Raised One Lakh For Restorative Surgeries For Visually Challenged Children

## **12. Data Science And Artificial Intelligence**

Data Science and AI (8-week course) (Present) - Indian Institute of Technology (IIT), Madras. Focus on machine learning, AI algorithms, data analysis, and real-world applications.

## **13. Scribe For Special Needs Students**

*(2022- Present): 156 Weeks*

Supported Special Needs Students During Exams.

## **Honors & Awards**

### **Academic Excellence**

1. Class 10 CBSE Boards 95.4% , Issued by Sanskriti School for session 2023-24

2. Awarded the Shresth Puraskar Academic Excellence for Maths, Science and Social Science for the session -2022-23
3. Internship : Certificate of Merit for exceptional contribution.
4. National Level Quiz Champion level badge holder (90800 points)-mygov community of Government of India through regular participation in sectoral quizzes
5. National Rank holder the final round of 7th National Economics Olympiad, SRCC
6. Winner Best Position Paper, Honourable Mention for MUN
7. Immerse Education Group · Dec 2024 Essay chosen for merit award
8. Participated in John Locke Essay Competition, Queen Commonwealth Essay Competition
9. Top 5 rank holder in international science Olympiad: International Olympiad Foundation · Dec 2024
10. Gold Medallist IFGCO (GK & Current Affairs Olympiad) 2022 -IOF

## **Sports**

1. State level Table Tennis Player
2. Zonal CBSE Table Tennis Runner Up 2023-24
3. Best TT player senior school for three consecutive sessions 2021-22, 2022-23 , 2023-24 (Annual Athletic Meet)
4. Team captain -Runner Up - School Inter House cricket

## **Classical dance**

1. Runner Up : Champions League international Dance Competition 2023

2. G 20 University connect delegate 2023 - performed Kuchipudi in the opening ceremony at New Delhi
3. Winner: 6th International Classic Dance Competition & Festival (2022)
